Re: Formal Approval of Form and Amount of Replacement Reclamation Surety, Paradise Management, Inc., Koosharem Mine, M/031/002, Piute County, Utah

Dear Mr. Fullmer:

On April 22, 1998, the Board of Oil, Gas and Mining formally approved the form and amount of replacement reclamation surety for Paradise Management, Inc.'s Koosharem mine. The reclamation surety in the amount of \$15,200 is in the form of a Letter of Credit () issued by First Security Bank. The Division hereby grants its final approval of this replacement reclamation surety for the 6.5 acres of disturbance at the time of this transfer. If in the future, you wish to expand beyond this area you must notify the Division in writing, submit the appropriate surety and receive written approval from the Division prior to any expansion.

This site was formerly leased to Interstate Brick Company (Interstate). Interstate has now canceled their lease and transferred the mine permit back to Don Fullmer, Paradise Management, Inc. By copy of this letter, Interstate Brick Company is now completely released from any further mining and reclamation responsibility at this site. Paradise Management, Inc. is the party responsible for the continued reclamation of this site.

Enclosed please find copies of the fully signed and executed permit transfer from Interstate Brick to Paradise Management, the signed and executed Reclamation Contract and Letter of Credit for your files.

Thank you for your help in finalizing this permitting action. Please call me if you have any questions in this regard.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
